7. Where is campus wear required - just on campus or at other school activities?

Campus wear is required for school day activities. When students arrive for school in the morning they should be dressed in appropriate campus wear. Campus wear is required while they are on the campus, unless they are involved in activities which have other approved dress (i.e. athletics, school activities, etc.). Dress for special occasions such as field trips, or when students participate in sports activities, will be announced for those occasions by teachers and coaches. Campus wear is not required for students attending after-school functions such as ball games, concerts, programs, etc. Specific guidelines for those activities are included in the Student Handbook.
